what's HOT !!

Sao Paulo Raging Stallion

Porn star Collin O'Neal takes a stab at directing in this feature from Raging Stallion and he gets to indulge his Brazilian fetish. The video is bursting with hunky, masculine, hung men from Brazil in all their beauty and glory. Collin definitely has excellent taste in men, as the models in this scorcher are exceptionally gorgeous and all equipped with thick tools and powerful physiques. The dark muscle of Junior Panavelo will cause wet dreams as will the impressive build of Renzo Dicaprio. Bottoms and tops are equally masculine and sexy, with everyone involved in this video projecting a high level of appeal. But the scene takes the cake is between real couple Pedro Andreas and Daniel Marvin. These two are so well matched that watching them fuck seems like a gift from God. See this movie at justusboy.com/mag/1

Riding Hard Falcon Studios

Matthew Rush in a cowboy hat and leather chaps? Count me in! Falcon brings us the ultimate Wild West fantasy with Riding Hard. The plot centers on Ken Browning as an Old West criminal fucking his way into trouble. Director Chris Steele assembles a potent cast that includes Roman Heart, Dean Monroe, Mason Wyler, and Manuel Torres all looking very yummy in Western gear. That is until the gear comes off and the real action begins. Matthew Rush owns this video as the horny sheriff who decides to have his way with Ken Browning once he is captured. This scene features one of Matthew's most aggressive performances as he dominates over Ken in every way. Rush smacks and tongues Browning's ass vigorously before fucking him standing beside a tree. Both men howl intensely during the intense session before blowing their loads. I'm just guessing but I think this was how the West was really won. See this movie at justusboys.com/maq/2

Waterbucks 2 Colt Studios

The new Colt is all about big muscle men in gorgeous settings for hot man-to-man sex. Waterbucks 2 definitely delivers on all counts bringing viewers a cast that includes Adam Champ, Gage Weston, Carlo Masi, Luke Garrett, and Skye Woods. That's a whole lot of muscle! Each scene features two of the men in sexy swimwear by the pool before the cocks spill out and the fucking begins. This video marks the muchheralded return of superstar and super-hung Tom Chase. Age hasn't dulled this man's natural sexual charms and he uses his massive power tool to drill massive bottom boy Skye Woods. The dark and handsome Adam Champ slides his meat into Luke Garrett's impressive bodybuilder ass. But it's Carlo Masi and Josh Weston who steal the cake in this one. Their beautiful flip-flop scene is shot with so many orgasm inducing angles that you will be hard pressed to hold your wad. See this movie at justusboys.com/mag/3

REAL COUPLE:

While working on the last issue, bratboyschool.com was brought to our attention as a possible blog site to feature in the magazine. As we started reviewing this wonderful site we noticed how extremely sexy its creator is. Looking a little further we found that his partner was equally hot. We knew immeditely that this had to be the next cover of JustUsBoys.com Magazine. At the time, Benjamin was a rising porn star. He has since given that up to focus on more mainstream modeling. Together the two are now the official Ginch Gonch Boys. Recently JUB caught up with the two heartthrobs for an inside peak into their life together.

How did the two of you meet?

Ben: Ethan and I met through mutual friends on Myspace funnily enough. We started chatting frequently, and then that progressed into hangingout whenever I would visit Las Vegas, which is where he was living, while I was living in Seattle during that time. He interviewed me for his Bratboyschool. com blog and afterwards it all fell into place.

Ethan: Its been an ever evolving relationship, and I am glad we met.

What is the first thing that you each noticed about the other?

Ben: I noticed Ethan's big blue eyes.. They are hypnotic and beautiful. He has a really sweet and caring personality that really shined too.

Ethan: As funny as it sounds, I happened to notice Ben's tan the most the first time we met. He was glowing. It must have been a fresh coat. Haha, but after that it was his warm smile and captivating laugh/chuckle. Oh and I can't forget that he was wearing a "like a virgin" shirt, which he later cut up into a nipple length dancing shirt. I still remember his smile from the first time we ever met.

How long have you been together?

Ben: We have been together a while now, since early 2006.

What do you think the key to a great relationship is?

Ben: There are many keys. Trust is number one obviously. Competition in a relationship will destroy it eventually, and that is usually a hard factor to get away from in a gay relationship. The thing to remember in a relationship is that it's not going to be easy. There will be bumps and storms all along the way, but getting through those rough times makeit all the more worthwhile. Ethan: Whether it's further getting to know each other or working out a problem, the most impor-

tant thing to do in a relationship - good times or bad- is to talk. If a couple can do this, then I would say they have a sound relationship. Each person has to feel safe to say what is on their mind without consequence.

Are you in an open or closed relationship? Tell me either way how you came to your decision.

Ben: Closed relationship. While I have heard that open relationships work for some couples, I personally want my partner to be dedicated to me and vise versa. We never really had to come to a decision on that one, as we both knew we felt the same way from the very beginning.

Was Benjamin's decision to move from being a gay porn star to mainstream influenced by you, Ethan?

Ethan: I was not an influence towards Ben's retirement. Ben is a headstrong person, who makes decisions on his own without the influences of others. I will always support him in whatever choices he makes though. When the opportunity with Ginch Gonch presented itself, it was totally his choice to make, though I doubt it was a hard one to make. The underwear alone is a definite plus. Ben: The decision to guit porn was not influenced by anyone other than myself. I knew that my involvment in the porn world was going to be short lived from the beginning. When I first started in the gay adult industry, it was to get myself through school. I was having a hard time paying my bills and paying for school at the same time. Porn was a great way to make extra money while still giving me enough free time to study and go to class. Making porn was never intended as a career move, but rather as a means to get to the next stage in my life. And then after two years in the industry and 10 movies later, I was offered this amazing opportunity with Ginch Gonch to be the face of their new campaign. So I was happy to retire from porn because I knew I was going to in the near future anyway.

You both recently signed a deal to be the faces of Ginch Gonch Underwear. How did this deal come about? What should your fans expect from this partnership?

Ben: Basically Ethan and I will be spreading the gospel of Ginch Gonch. We are literally travelling around the world making store appearances and club appearances, and doing it all in our Ginches. However, Ginch Gonch has much more up their sleeves with us, but it is top secret as of now. All I can say is that its going to be one fantastic ride! (continued next page..)

JUSTUSBOYS.COM MAGAZINE • 25

Ethan: The whole tour aspect is really exciting for me but the best thing about it is the opportunity to meet all of the people who read my website, BratBoySchool.com. That has been a special treat!

What other things do you have in store for your fans this year?

Ben: I have a huge list of things that I plan on accomplishing in the near future. I don't want to spoil any surprises, so all I can say is stick around and you won't be disappointed! I can say that I'll be doing things for both Ginch Gonch and ProjectBE.

Ethan: I better keep my plans a little close as well. Some things we just can not talk about until others involved have a chance to share their side. I can say this, this is only just the beginning.

Tell me about the most roman-

Ben: For me, the most romantic times are the little things like cuddling in bed, or sharing a bubble bath, or holding hands on the plane.

Ethan: I love to spoil Ben with surprises. I listen to his wants and needs, and I try to come through at some point when he least expects it. For Valentine's Day, I got him the complete series of Friends, because he loves it and wanted it desperately. The fun part was that I couldn't wait to give it to him so I surprised him by giving it to him like two weeks early. I loved seeing

his face, he was so happy. That's romance, lol.

Tell me about the funniest or craziest thing that has happened when the two of you have toured together.

Ethan: I went to support Ben, while he danced at a club here in Las Vegas that Chi Chi LaRue was DJing for during the AVNs. They ended up sending me on stage because a lot of the porn stars didn't show up, so it was me and the porn stars. Kinda funny.

What is something about the two of you that your fans would be surprised to know.

Ben: We love the Las Vegas buffets and we love to watch the silly things you find on television. Plus we both read right before we fall asleep in bed. Its not as animalistic as some people might assume.

BLAKE MASON

Blake Mason started with the vision of two British fellows, determined to prove that the Brits can produce great gay web porn. We feel fairly confident in declaring that the boys on BlakeMason.com may very well be the hottest blokes England has to offer. JUB sat down with the two creators behind this award winning site to find out the secret to their success.

What inspired the creation of BlakeMason.com?

This site exists because we were very keen to change our lives, and we were not happy about the way some other amateur porn sites treated their models, produced very low quality output and did not seem to give good customer care or very frequent updates. We're all about breaking the mould!

How do you find Oh, there are Sometimes your models? many ways. the guys stumble right past the website and click on the 'apply' button. Some are approached in the street or nightclubs or gyms, some are partners of other models and some are friends of people who know about the site. It has also been known for guys to actually march straight into our registered company offices (erm, this is not where the filming or auditioning takes place!). Thank you to Sue for fielding these ones!

How do you go about matching models with one another?

This is generally done by the models themselves. A new model who's seen the site will ask to do a duo/more with an existing model - so the existing model gets an introduction. As our site is all about capturing the real passion and lust between two or more hot British guys, we always let the models choose who they'd love to work with. Due to our ethics, no-one will ever be forced to do a shoot with someone they don't fancy (kinda difficult for a guy to fake being aroused - eh?), so sometimes it's not so easy!

What do you think makes your site different than others?

Ohhh - this is a cruel question! (grins) OK..

1) Fit and handsome UK-based guys - not pale 'English Rose' stereotypes - getting naked and horny for you. 2) Two real complete films every single week without fail! Other sites promise three updates a week, but who wants two photo sets and a video these days? I certainly don't! 3) We have the deepest respect for the guys. They're not forced to sign anything exclusive or prohibitive. They're not asked or told to do anything they don't want to There's no drugs, and the camera crew doesn't "feel up" or "abuse" the guys. Also, there's a search facility that actually works. We also have a member's forum where we listen and act on members' suggestions. The models have even been flirting with each other and arranging their own films recently! How cool is that? 4) Charity Support! A percentage of any profit from the site goes back into the community to help young people with their sexuality and home situations.

Who have been your more popular models on the site?

Generally the more films a model appears in means they are more popular. Ryan B or Adam are a couple of examples. Our customers tell us that sometimes the real straight guys are much more appealing and beg to see more. I am thinking Johnny B or Jason here.

What is the hottest scene you have ever filmed?

Hmm, when you have a whole load of technical worries like angles, lighting, continuity, whether someone's hand is in the way, etc - most of the time it's not horny. However, I do concede that there are personal favourites like the recent update "Adam and Cameron" or a less recent update like "Rob Blows Jonny".

What do you think made the scene hot?

For Adam and Cameron, it was because they made each other cum, and for Rob blows Jonny – it was watching a real straight guy get gay head for the first time. What is the funniest thing that has ever happened on the set?

There are so many – this is not a business for those who can't laugh! In one film, the guy had to reposition his cum for the cameras, another turned up with a full professional pornstar's kit bag. One let out a ripping fart mid scene and another was fucked so hard he fell off the bed!! I just couldn't choose!

What new guys can members expect to see on your site?

Now that would be telling! We're booked out for the next 3 months for filming so it really does depend on what our forum members want to see. As I remember it – there is a complete range of new guys and we've got some naughty ideas on how and where to film them. Standby for the outdoor action with the British summer on the way!

Any new projects that you are working on that you would like to tell ourreaders?

As mentioned, there's going to be a summer full of outdoor fun and frolics! Keep watching the site to find out more!

Introducing: AUJEL& Brandon Baker

Angel Benton is wholesome, witty and pretty up on Hollywood's hottest happenings. He's a pop culture guru and despite being a virgin, knows more about porn than some of the big players in that industry! When he isn't hosting or working the red carpet at live events, he is fulfilling his "retail indentured servitude" at the mall.

Brandon isn't in tune with much, just scoots by daily without knowing anything except where the next party is. He stays in touch with the escorts and porn stars that can deal with his confusion. He runs RentBoy.com and does not have a boyfriend.

Together, they have something to say about everything. This issue kicks off with things they are proud of since it's the month of Pride. Be sure to visit their daily blogs: angelbenton.com and partywithbrandon.com

MOVIE BOY CULTURE

Brandon: This movie was an amazing recount of a really hot looking escort named "X" and his tale of what it's like to find emotion. It's unbelievable how true it was to real life. I am proud of the people behind the film making. The actors, the crew and the production team gave meaning to what it's like to really be out there and be doing that kind of stuff every day.

Angel: Yes honey, that movie is the SHIT! It's not your typical melodramatic gay movie fare, but it's definitely a departure from director Allan Brocka's previous work ("Eating Out 1&2"). And when you say that this movie is true to life, you mean it's true to YOUR life! You should sue.

ONLINE PORN

Brandon: I think the sites like English-Lads that feature uncut boys are hot. I have had many a hot night with the boys on that site. Uncut boys turn me on. CorbinFisher, ChaosMen and RandyBlue are bookmarked and make my wanking way better. The boys are so hot and the photo quality so cool, It's the right mix to get me off.

Angel: Speaking of Randy Blue, I want to say that I am proud of Blake Riley, who successfully transitioned from being an online model for Randy Blue to being Chi Chi La Rue's latest exclusive for Rascal Video. With a gorgeous face and an ass to die for, it's easy to see that this kid is going to blow up HUGE this year. And back to Randy, I'm proud of him for launching his blog (blueisbeautiful.com) to give readers a free look at what goes behind the scenes of a Randy Blue shoot. THAT'S the hotness.

PEREZ

Angel: I am proud as hell of Perez Hilton. That bitch was kicking ass and taking names all of last year...literally! His website gets a **RICOCKULOUS** amount of global traffic, and he breaks stories all the time. My favorite is when he outs or "lances" closeted celebrities. Good for him. Those bitches have gotten a free ride long enough. After all, being gay is a GOOD thing (this IS the Pride issue after all) and I'm proud of Perez for presenting it that way to his readers.

Brandon: I don't know, just living in Hollywood is enough for me. Local traffic is hard enough on the way home from work, how can you be worried about global traffic. I can't imagine that. How come I didn't hear about this Hilton sister when I was in hotel school? I bet he's not even related to Paris.

BLOGGING

Angel: Well darling, I want to say that I am proud of YOU for starting Gay Guy In The Corner. What a FIERCE idea! Everybody's favorite porn-based blogs on one site.... kudos to you for that flawless execution.

Brandon: Stop. Okay, don't. GayGuyInTheCorner.com is a way that I can show how proud I am of my friends in the porn industry. It was getting so hard to remember all those long links for the blogs I wanted to read. Heck, I can't remember my own name half the time. I wanted one website you can go, stay there and click around while you read how each writer plays around.

Angel: And boo....if you really want to improve your memory....try having one less Jaegerbomb when we go out. Just a thought. *wink*

WANT MORE? GET MORE! JUSTUSBOYS.COM/MAG FOR LINKS TO EVERYTHING

FRIEND TO THE COMMUNITY

Angel: Hell yeah, I am proud of Kathy Griffin for not only hosting the GAYVN awards but doing an OUTSTANDING job at it. The bitch was HILARIOUS! I can't wait to see what ends up on her TV series.

Brandon: I will admit, I was very impressed with her gig at the GayVN's too in San Francisco. I was not a huge fan of her in the past. However, now I might be more inclined to pay more attention to her. What's her show? My Life on the D-List right? I am so D-List, I think it's more a G-list. I am proud of the fact that someone can get paid that much for making fun of people. Her joke about welcoming the Amish into our culture, and referring to Shane Rollins new look made me want to piss in my seat. I want her job.

brentcorrigan.com

BRENT CORRIGAN

Angel: While we are on the subject of controversial figures, I want to say that I am proud of Brent Corrigan. Much like Perez, Brent is one of those "love him or hate him" figures in the adult industry. Despite what seems like endless legal turmoil, he still manages to keep his head held high and appease his extremely large (and vocal) fanbase.

Brandon: I am proud of him for standing up for what he believes in, I'll give him that. He might explode if all the scandal around him was stuffed inside him though. Angel: Ummm and hello, the boy is HOT!

Brandon: What does that have to do with anything? Angel: Sorry. I guess I got distracted. LOL. Brandon: He's alright.

RENTBOY POOL PARTY

Brandon: Even though Angel's all over the advertising for it and he's not even a freakin' escort. Sexy virgin my ass, how does the non-escort get all that attention when it's a RentBoy party? *wink*

Angel: Well, by the time this issue is printed our hot little Pool Party will be over, and I'm sure we were both AMAZ-ING (and scandalous *wink*) so I would also like to say that I was proud to be part of the annual Rentboy cruise to Mexico (rentboy.com/cruise). It was awesome, and EVERYBODY (escorts and non-escorts alike) had a wicked good time. I'm looking forward to doing it again this year. The cruise sets sail in December.

FOUND ON JUB: CollegeBoyPhysicals.com

If you have a thing, big or small, for medical fantasies then here's the place for you. College Boy Physicals takes its name from the examination given to sweet looking frat boys by equally as sweet looking doctors in latex gloves and white coats. They say the content features boys getting abused by their doctors but I

have the sneaky suspicion that these boys actually want their doctors to examine them internally in such an intimate way. Let's go check in with the receptionist and see....

Boys-Pissing.com

Straight off ... this is a fetish site, there's no doubt about that; I mean, the title tells you what to expect, as does the tour. The emphasis here is on young twinks pissing, plain and simple. In the member's area you'll find five areas of visuals, pics and vids, plus a message board, update news and a link to ...

BearFilms.com

It's so nice to take a break from all the slim, hairless, pretty-boy models that you see on a lot of the sites these days. Now, don't get me wrong. I could look at that kind of man-candy all day long and never tire of it, but sometimes a change of pace can be nice. If you are not familiar with the bear scene

BlackMachines.com

I just love to see a smooth white boy surrounded by hunky black guys and getting every orifice filled by hard, dark meat so Black Machines was a real joy to surf through. You're promised the famous ' black seducer' (with the 13 inch cock) but now he's joined by two of his equally horny black mates ...

What is the basic concept behind JakeCruise.com?

Primarily that sex is fun, messy, silly and real. My movies are reality based, so no one uses makeup, the men are real, and there's no bad dialogue or cheesy music. Secondly, it's that a regular middle-aged man with a few too many pounds can have sex with some very hot guys, both straight and gay. I have sex with some well known porn stars like Carlo Cox, Brad Star, Ben Campezi, Cameron Sage and Danny Rhymes, just to name a few. And then there are always the new faces that I find, like Derek Nicks.

How did JakeCruise come about?

My site got started in a very unusual way. My shrink told me to do it. I'm not joking. As a senior internet specialist working for a major corporation in downtown Los Angeles, I was bored to tears. It was early 2000 and the internet was booming while I was attending meeting after meeting. So in April, I left to start my own web development firm - just in time for the dot bust. Oops. A couple of years later I was complaining to my shrink about

me if I had anything against porn. Of course not, I told him. So he asked me why I didn't build a porn web site and make money that way. At first I wasn't successful. I knew how to build a web site and how to manage web servers, but I didn't have a clue how to start a porn site. So I tried various things and nothing seemed to work. It was then that I decided I needed a persona and thus Jake Cruise was born.

What do you think sets it apart from the many sites out there?

Most of the popular porn sites show young, good looking guys having sex. Many have straight guys performing gay sex. But my site is different because I'm in it. And I'm not exactly the typical porn star!

How do you go about selecting models for the site?

Most models apply directly. And I have several scouts throughout the US, England, the Czech Republic and Australia. Once they do, I select not just the hottest guys, but the guys that I feel will also have fun doing the movie. I don't want to put two guys together who are not going to have fun. I made that mistake once (Brodie and Beaux) so I'll avoid it again. How much has the site changed since its inception?

When I first started the site it was guys doing solo j/o. It became obvious that this wasn't going to get me far. The demand was for sex. So I started servicing

the guys and I was now in front of the camera, though still wearing clothes. Soon I was getting emails asking to see me naked having sex. I thought those guys were crazy. Who would want to see a middle aged, overweight regular Joe having sex with hot guys? Well, it turns out there were a lot who did.

Who are some of the more popular models on the site?

Tommy, Nick, Michael Von Steel, and now Jason Novak. I also think my newest addition to the lineup, Derek Nicks, will be very popular as well. He was very sexy and very fun to work with. And in April I'll be back in Prague shooting some more amazing guys. I'm certain some of them will be very popular. They sure know how to make hot men in Prague!! How have you gone about marketing the site?

It has been mostly word of mouth and of course, a good affiliate program. Recently Mark Dwyer came onboard as my Marketing Manager and he's supporting the affiliates, as well as relationships established with Playgirl, Manhunt, and JustUsBoys.

Do you think the site plays into the fantasy of an older man getting to have a younger straight guy?

Yes and no. The majority of the guys on my site are straight because, well, there's a lot more straight guys then gay guys. But, with a few exceptions, I don't make a big deal about their being straight. And I have sex with a lot of gay men, as well as older men. So my site doesn't cater to one particular fantasy, but several. Oh, and if you like men's feet you'll also have a good time.

The success of the site has led to many spinoffs. What are some of the sister sites that have come about recently?

A year and a half ago I launched Straight Guys for Gay Eyes which is straight porn made for gay men. We've all seen the straight

guys having gay sex on a multitude of sites. But here you can see them really having fun doing what they love – fucking women.

-- read our interview with Jake when we discussed Straight Guys for Gay Eyes in our January 2007 issue. --

What can we expect next from Jake Cruise?

Well, I'm not getting any younger and running a business takes up a lot of time. So realistically I can't be in front of the camera all the time. I will soon launch a contest to "Be Jake for a Day." Anyone who enters must be over 30 and if they win they will get to be me for a day, servicing or having sex with the same guys I do. I hope to have a winner each month. This will launch at the same time the site redesign launches. And after that, who knows, I might even have sex with a girl! Hey, why not? I'm always trying to push the envelope. It would be interesting to see how my members would feel if they saw me fucking a girl. Something tells me it wouldn't be the most popular scene!

MOVIE REVIEW: Packin' Papi

Tiger Tyson's Pitbull Productions has been churning out the videos and here they are again with another hot one. Packin' Papi is a showcase for Dillon, Pitbull's resident Latino, and he puts his 10 inches of joy to good use in no less than three scenes. The opening scene radiates the most heat with Dillon skewering Da Bomb's big black booty. Dark-skinned Da Bomb keeps it up in the air allowing Dillon easy access and if his moans are any sign, he was definitely hitting the spot just right. Dillon runs through two more of Pitbull's young stars, namely Gio and Onyx, for your viewing pleasure.

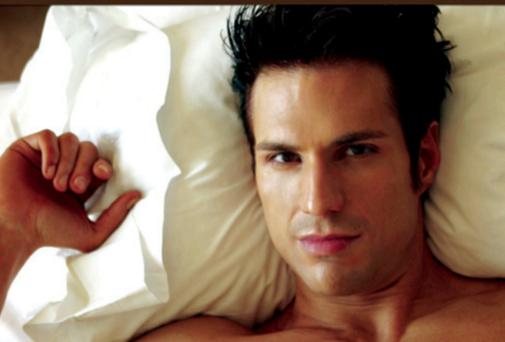

However, Dillon isn't the only thing hot in this video. Check out newcomer Mr. Sauki's tight smooth body and man-sized appendage. This young man has got it all: cute face, hot body, nice tool, tight butt, and he definitely know how to show them off for the camera. Here he tops slim thug The Next Big Thang. If you are looking for some spicy Latin thug flava, you can't go wrong with Packin' Papi.

Bottomline: Pitbull is known for their thug style videos for a reason. Packin' Papi delivers all the super-sized thug love that viewers crave thanks to three scenes with Latin cutie Dillon and hot newcomer Mr. Sauki. Chances are Packin' Papi will have you saying "Ay Papi" in no time.
