THANK YOU FOR PICKING UP the July/August 2008 issue of the JustUsBoys.com Magazine! We want to personally thank you for your help in making us the largest distributed free magazine in the country with 100,000 copies going out each and every issue.

Featured on the cover is Paul, a 23-year-old Kayak instructor, from southern California. We were able to talk Paul into giving us a behind-the-scenes look at his photo shoot. After you check out our magazine, make sure you visit JustUsBoys.com to see how hot Paul is without the clothes.

This issue is about the evolution of tube sites in the adult industry. Read along as we talk with the owner of PerfectGuyz to get his opinion on how tube sites affect his business. In this issue, we also introduce you to a new 100% all gay tube site. RocketTube.com is the name to remember. This site will give you a sneak peak at the best video content in the industry.

Quickies with **ANGEL BENTON** & **BRANDON BAKER**

talk back @ JustUsBoys.com/magazine

Angel: Let's start with who is hot in porn right now. I am really digging the Suite703.com exclusive Dempsey Stearns (pictured left). He's a total hottie! **Brandon:** I am on a rush for the fetish boys from the English sites like UKNakedMen.com and Triga.com. I had to look at a few of the English sites while planning HustlaBall London and now I can't get enough of them.

Angel: I am with you on the UKNakedMen. Carl and Harry Louis from that site are both so fucking hot that I would write bad checks for them. Oh wait, they're English, so I guess I would write bad "cheques." **Brandon:** Does that mean if you married one of them they would be your cheque mate?

Angel: Ummm...save the "Czech" jokes for the Bel Ami boys.

Angel: Moving on to discussing the trends in gay porn right now, how do you feel about tube sites (like YouTube or XTube)? YouTube is great, but it can be a trap that you never get out of! I have lost many an hour to YouTube. XTube has some really cool (free!) porn too, but the problem is you have to wade through tons of absolute crap to get to it.

Brandon: ...just like a pancake, there are two sides.

I totally love access to free porn and teasers that allow me to decide if I would be interested in purchasing the full-length clip. However, from the producer's side it's a steal. Literally. ...and I know that's got to hurt. I have spent my time on XTube, RedTube, PornoTube, and many more, satisfying every indulgence I feel at the moment. Then I feel guilty. I want my pancake buttered on both sides, but I have a feeling one of the sides is going to soak up most of the butter.

Angel: Babe, while you are over at IHOP somewhere, the point I was trying to make is that I love those teasers too. I just hate having to sit through 2,000 Joe Schmos with a webcam taping themselves jacking off to get to the good stuff.

Brandon: I like the Joe Schmos. In fact, the thought that I am catching a novice busting a nut is a thrill for me. Send the Joe Schmos to me, please.

GOSSIP

Angel: Let's close with a little bit of gossip shall we? Can you believe all that drama between Derek and Romaine over at Sirius OutQ satellite radio and the entire gay porn industry? It all started because they didn't care for Jesse Santana's publicist and decided to take it out on poor Jesse live on the air. That sucks because Jesse is really sweet.

Brandon: I have to say they have tipped my hat a bit in the wrong direction, but whatever. I sure am spending time talking about them now aren't I? My own industry might rebel against me, but I applaud Jesse Santana for standing up for his individuality. He's the butt of many jokes and the butt of the year since he won *Best Bottom* at the Grabbys this year in Chicago.

Freshmen Magazine's
Dylan McLovin

Gym Jock

This 19-year-old Taurus is a college student from northern California who now lives in Los Angeles. He loves all kinds of music. He's fairly new to taking off his clothes for the camera, but he's a real natural.

Dylan is the September 2008 cover boy for Freshmen (on sale August 19th). Coincidentally enough, his roommate is Marcus Mojo, who was the June 2008 Freshmen cover boy. Both guys are into nutrition and body sculpting, and their ultimate goal is to open a gym together.

HOT JOCKS NICE COCKS

FOR ONLY 83 CENTS PER DAY, you can join a gym like no other you've seen before! Hot Jocks Nice Cocks...very nice, and I mean loads of nice. Plenty of sweaty, hard-pumping action is what you can expect when you slip into the site.

This site gives you the ability to download and stream the movies in five formats, including a DVD quality one and even one suitable for your hand held device. Each episode comes in three formats: clips, a full-length format, and there is an edited, five minute version for iPods. There are image galleries galore and there is a zip file download of the complete set too.

Bottom line, this site is full of great stuff: hot guys, great cocks, good hardcore action, and great quality movies that are original and easy to access. On top of all that goodness, the site sticks to its promised niche of jocks and sportsmen. This site will give your arm (and hand) a workout like never before – you'll love it.

Men HARD at Work

A WHOLE NEW MEANING HAS been brought to the terms "getting a raise", "sexual harassment" and "climbing the corporate ladder". If you are thinking of ways to get ahead or simply give head at work, then this is the site for you.

Not only do these extremely hot guys look good in a suit and tie, but wait until you see them out of their clothes...better yet, how they get out of them. Membership to this site gives you plenty of "overtime" offering work "loads" of full-length videos as well as countless clips, including "On The Go" 5-minute clips of their videos...perfect for your coffee break. And for your lunch hour, they offer several full versions available

for download. They are a great conversation topic for the water cooler. This site is definitely "Boss".

So, after a "hard" day at work, sit back and unload your tension with Men Hard At Work. A website where some bosses suck, but in a good way.

Who's the next gay pornstar? YOU!

PEOPLE HAVE BEEN MAKING EROTIC IMAGES of themselves since the invention of photography, but the Internet has turned this naughty pastime into a worldwide phenomenon. Over the past 10 years, the amount of "amateur" content created and shared publicly online has exploded. Untold thousands have released nude photos of themselves to be enjoyed by millions, but the fun is just getting started. As it becomes easy and affordable to make and share videos, exhibitionists everywhere are rejoicing!

In the non-adult world, online video took off in 2005 with the creation of YouTube.com.

Then it really ramped up in 2006, when it was purchased by Google.

Millions of videos have been uploaded and millions of people watch them everyday. Once YouTube demonstrated that sharing videos of ourselves was easy, it didn't take long for the more adventurous among us to turn the cameras on in the bedroom.

Today, there are many video sharing sites similar to YouTube, but devoted entirely to porn. On the straight porn side of the industry, some of these sites have become massive, occupying several of the top spots on Alexa.com's list of the highest traffic sites on the Internet. In fact, the largest of the straight video sites, YouPorn.com, has more traffic than CNN and the New York Times (Visit JustUsBoys.com/mag/96 for a complete list of adult video sharing sites).

Thankfully, lovers of gay erotica haven't been left out of the video revolution. While many of the largest straight sites have only a smattering of second tier gay content, there are others who have built up an impressive library. xTube.com, a site that caters to both the gay and straight communities, has a healthy selection of good gay content, including many amateur videos uploaded by guys who love to show off. Here, amateurs can even make money. Rather than just uploading videos for free, xTube allows performers to set a price per minute for their videos and to collect cash for showing off.

A newcomer, RocketTube.com, only allows gay video and has an impressive number of videos that have been uploaded by many of the top tier porn studios, as well as amateur guys who love the attention. The "all gay all the time" nature of RocketTube.com means not having to wade through straight content to find the men.

All of these video sites serve up their movies in the Flash format, which means that you'll need a free Flash player to view them, but most computers already have it. Viewing video online has become very simple, but it does generally require a broadband Internet connection to get the best experience. For those who prefer to create a personal library by downloading and saving videos, there are some free software tools available to do just that. (Visit JustUsBoys.com/mag/96 for a handy list of tools to help you get the most out of your online video experience.)

Of course, none of this would be possible if it weren't for the

growing number of people who are comfortable showing off in erotic and sexual situations. The trend is clearly toward greater participation, as people become more comfortable (and turned on) by the idea of having an audience of millions of viewers. Which means that it really is possible for almost anyone to become the next big gay porn star.

Putting yourself online is simple; you only need a camera and one of the many available tools to create your video.

Visit JustUsBoys.com/mag/96 for some great tips on getting started and watch our cover model Paul shoot his own XXX tube video at JustUsBoys.com/mag/97

Visconti X3

SOMETIMES YOU HAVE TO do a double take when you see something awesome. In this case, a triple take is in order. Let's all give a nice warm welcome to the hottest thing to hit gay porn since gay porn itself...The Visconti Triplets. These buff 22-year-old, 6'1" identical triplets fresh out of Budapest, Hungary give a whole new meaning to brotherly love.

Although you may have a difficult time telling them apart, once you get to know them, you can most likely find one for each of your personalities. These three hotties may look alike and fuck alike; but in reality, they are all very different people.

To the naked eye, their best attribute may seem a bit obvious, but what the boys consider them to be, go much deeper than that of their physicality. For Jason, it's his outgoing personality, not to mention his sexual prowess. According to Jason, "I love to fuck, so being in porn is a perfect job," he proclaims. He also admits, "I'm good with my hands". That goes well beyond what you have in mind, as he loves working on his bike and learning to be a mechanic. As for Jimmy, he told us, "I'm very relaxed and let things come as they may". Never getting too emotional, he likes to keep things on an even keel. Then there is Joey. And as he tells us, well, he simply tries "to be open minded about everything". That is why new experiences, such as porn, seem to fit into his life so well.

When not having sex, the brothers also have a myriad of preferences on how they spend their spare time, including where they love to be. While you're likely to find Jason blasting down the road on his Ducati, putting as much distance between him and home as possible, you'll probably find Joey either taking a dance class (he's extremely flexible), or at home spending time with his family, snuggled up on the couch with a good book. According to Jimmy however, "give me mountains and a snowboard, and you may not hear from me for days."

When it comes to what gets the brothers excited (with the exception of a hot guy) they all seem to agree that being on camera rates pretty high. Jason admits, "I like the camera and how I can show the world what a great fuck I am. It's great to put on a show." The downside to that, he doesn't like the fact "guys I'm with can't keep up with me sometimes." Jimmy, on the other hand, really enjoys the freedom he finds working in the porn industry. "My friends all have to work and when they want to do something, they have to work around a routine schedule". As far as Joey goes, he's perfectly happy as long as he's "with a guy who takes care of himself".

Even with their newly found success, these three are still very focused on the future. All three seem to have a good handle on how they determine long-term success. As Jason puts it, "I would like to live in Italy. I like money, but I like to have

fun even more. So success to me means being able to do what I want, with whom I want, when I want. I'd really like to just ride across Europe, from Portugal to Russia, then through to China. That's my ultimate goal." Jimmy too places emphasis on time more than money when it comes to his view of success. Having "time for me to do what I want, that's what is really important. But, I would like to have enough money to open my own snowboard shop in California.", he admits. Joey, who is not quite as talkative as his brothers, still maintains a well-grounded sense of what success is. "Finding that special someone, who understands me as much as I understand them. I'd like to find someone I can really get into. Just that one person for me," he states. Joey also adds, "I'd just love to stay at home. If I had someone special, I'd have no reason to go anywhere else."

As far as how they view their purpose in life, their views remain fairly consistent with each other. As Jason so eloquently replies, "Your life is yours to live and you have to give it purpose." Jimmy adamantly agreed by stating, "You just have to

Pictured L to R: Jimmy, Joey, and Jason

find your own way in life,” and Joey chimed in by adding, “You have to be yourself, being at the whim of some other being should never define your purpose.”

Stepping away from the realities of success, we ask the triplets what their greatest fantasies were. There again, we received three answers as different as the brothers themselves. While Jason just wants to “fuck other beautiful people”, Jimmy imagines a world where people are all chill and they “do whatever, whenever, with no strings, no obligation, just hanging out and having fun if it moves you with no pressure.” Joey, sticking to his romantic style, describes his greatest fantasy as “finding the love of my life and spending the rest of our lives together”.

Of course, it's not all fun and games for the triplets. Just as we all do, they too have challenges in life. With Jason, it's school, the fear of heights and the open water. For Jimmy, having to learn “new things” and his “fear of bugs” keep him in check, and for Joey, “being away

from home or in large crowds are what presents him with his greatest challenges. Along with the reality of phobias, the triplets, like everyone else, have had their moments of embarrassment as well. Jason recalls a time when he was checking out a hot guy while riding his bike...nevermind the curb. He quickly recovered from the minor scrapes and bruises but it was his ego, which took quite a beating. When we asked Jimmy about his most embarrassing moment, he told us his friends took more than one poke at him as he was learning to snowboard, as he spent more time on his ass than actually standing. And last, but not least, once in a dance performance, Joey's pants split wide open during the middle of the routine. But, just as he does in video, he just kept on going. We're certain his audience didn't mind.

Finally, we asked the boys, “If you had to describe yourself in one word, what would it be?” As you may expect, the answers varied a great deal more than the consistency of their

good looks. Jason told us, “sex” best describes him. Jimmy said “fun”, and Joey, with a bit of shy hesitation said, “introverted”. If you ever met the boys in person, I'm sure you'd agree with them.

So, as you can see, these boys may look alike, sound alike, and fuck alike, but behind the physical make-up, they are all truly a delight, in their own way.

It's true what they say, bad things happen in threes, and here we have three of the baddest things to happen in decades...and we do mean bad to the bone. So, make sure you check this trio out. You won't be sorry!

UP AND CUMMER

RUSTY

OUR UP & CUMMER for this issue comes to us from San Diego and is currently represented by FabScout Entertainment. Discovered by Dirk Yates this past year, Rusty has quickly become a very sought after performer in both Internet and Studio DVD productions. At 22 years of age, this six foot tall, 175 pound eye-catching young man certainly turns heads when he walks into a room.

Rusty is a versatile performer who truly loves to play it both ways. Rusty says, "I really like performing for the camera. I am an actor at heart. When filming porn I get to live out sexual fantasies that I do not do in my personal life. As an example, I am not usually very vocal at home when having sex, but on camera I get very loud." Self described as bi-sexual, Rusty is truly comfortable within his skin and is looking forward to making a splash in the gay porn industry.

When asked what he likes to do outside of porn he said, "I really love surfing, soccer, fast cars and golf. Living in San Diego gives me the opportunity to spend a lot of time outside."

To date, Rusty has shot performances for Dirk Yates, FPG Entertainment, All American Heroes, Suite 703's family of sites and Falcon's new website FalconStr8Men.com. Be sure to keep an eye on this stud as he is certainly one not to be missed!

JUB PROFILE

PerfectGuyz

SINCE EARLY 2005, PERFECTGUYZ.COM has been mesmerizing and stimulating their subscribers with stunning models, exceptional photography and cutting edge technology. All these elements come together to provide their customers with scintillating solo and hardcore scenes of some of the most beautiful men found on the Internet today. JUB sat down with the founder of the site and he indicated, "We founded PerfectGuyz.com with the goal to present a fresh perspective on gay porn. We saw a need for truly high quality gay

porn. Our intent is to portray men in the most positive way possible through high quality production techniques."

With so many gay porn websites available in the marketplace today, PerfectGuyz has been able to set themselves apart from the competition through their high production values and quality models. "PerfectGuyz is one-of-a-kind. Our key differentiator is the quality of our men and the style in which they are presented. We focus on finding men that are not only beautiful and unique but also embody character and style. We also take advantage of proprietary technology to differentiate PerfectGuyz from other gay porn websites. PerfectGuyz content is delivered lightning-fast from a world class server network. We want our members, wherever they reside, to have access to PerfectGuyz content in the fastest possible time."

With amateur free porn sites popping up all over the internet these days, we wanted to know whether or not this had a positive or negative effect on PerfectGuyz. "Amateur free sites have always had a presence on the internet. The appearance of the "Tube" sites creates a greater awareness of amateur gay porn. PerfectGuyz views these sites as helpful to our brand marketing as there are many abbreviated PerfectGuyz videos that appear on these sites. As an example, members of X-tube, etc. can view short clips and then are directed to PerfectGuyz to view the full length video." It appears this approach to viral marketing is having a positive impact on the bottom line at PerfectGuyz. "We also promote the site through MySpace and DList regularly."

"The future of Gay Porn is both exciting and challenging. We believe the consumers and their interest will drive the future of gay porn for a

high quality and diverse set of products. One of our founding principles is based in customer satisfaction. We listen to our customer and respond to their input. PerfectGuyz currently utilizes a 'consumer focus group' to help drive product direction and future site features."

Of course, PerfectGuyz would be nothing without the beautiful models that adorn the site. "Recruiting beautiful men for PerfectGuyz is definitely a challenge and we use every avenue available to us. But, we also have our own special recruitment technique that has done very well for us. Our members have revered the top 5 most popular models, and we continually get requests for them. They are (drum roll) in order of popularity: Colt in First place, then Anthony, Stone, Derek, and Riley. Their popularity is due to their beauty and charisma. We receive many emails messages applauding Colt. He's a truly amazing man. Colt has charm, sophistication and, of course, off the charts sex appeal – everything that truly embodies PerfectGuyz style."

Many of the models on PerfectGuyz are "fresh faces" who have not appeared anywhere else. "A fresh face is always interesting. One of our requirements for recruits is they have very limited or no experience. However, occasionally we will use a guy that has experience as an amateur performer or a porn star." The photography on the site is also exceptional. When asked how important the still photography is to the site, the founder had this to say: "Still images are paramount at PerfectGuyz. We take onerous steps in producing the highest quality still images possible. In

the past, before PerfectGuyz, we had been amateur photographers. But when PerfectGuyz launched we honed our skills and employed new technology to produce the level of quality required for PerfectGuyz."

Aside from technology, PerfectGuyz has always held a strong emphasis on production quality and continues to strive for excellence in all they do. "We pay careful attention to every detail. So, it all starts

Derek

with choosing the right guy. Then we storyboard the scene – start to finish. We choose his wardrobe and the setting for the photography and videography; we match skin tone, eye color and overall style so the guy looks and feels natural in the set. The entire capture process takes about 4 hours – and after filming so many guys, we have it down to a science." Members of the site are treated to a new guy every Sunday at 9pm Pacific time.

So why should you become a member of PerfectGuyz? "PerfectGuyz has beautiful, sexy men filmed and photographed

in a unique style! Members will see many guys that are first-timers – naked and hard – doing what guys do best, in all their innocent glory." Additionally "The future is exciting. First, PerfectGuyz plans to add hot sex scenes to the library. We pride ourselves on delivering solo scenes – but now it's time to move on. In the coming year, members will also see a new version of the PerfectGuyz website that will offer new functionality. We want our members to have access to our content anytime and everywhere." That means the content will be available on a computer, iPhone, PDA device or other future technology, certainly securing a place for PerfectGuyz as one of today's top gay porn destination sites.

PerfectGuyz.com offers a variety of memberships: monthly one-time and recurring, or longer term memberships that offer a significant savings.
