JUSTUSBOYS[®].COM

In this issue, we take a look at the straight guys behind gay porn. Haven't all of us at one point fantasized about a straight friend or coworker and wondered what it would take to get him naked, or better yet in bed? So here we go down the slippery slope ...

Topping off this issue, we spend some time with Broke Straight Boys to find out the secret behind recruiting all those hot straight boys that their site is renowned for. Next, we check in with RandyBlue exclusive Chris Rockway and model Braden Charron who grace this issue's cover. Chris and Braden talk candidly with us about what it is like for two hot, muscled, straight guys to do hardcore gay porn. As you may have guessed, our mission this issue is to get to the bottom of working with straight guys in gay porn so who better to ask than legendary entertainer and director Chi Chi LaRue. Chi Chi, as you might expect, was happy to take on all of our probing questions. Speaking of straight guys, did you ever find watching the news to be boring? Never again. Check out our article on Naked News Daily Male. These newscasters take it all off as they bring you the latest current events, sports and weather.

Finally, if you are going to be in Palm Springs March 31, join us as we sponsor the Rentboy Pool Party. There will be plenty of hot guys for everyone. We truly don't mind sharing. Really. We hope you enjoy this issue of our JustUsBoys.com magazine.

Lords of the Jungle Raging Stallion Studios

JustUsBoys.com/ragingstallion

What if *Lost* featured an all male cast of hunky heartthrobs that were more focused on getting each other off than with pushing some button in some stupid hatch? Well Raging Stallion has created just such an adventure with their latest offering, *Lords of the Jungle*. Directed by Chris Ward and Ben Leon, *LOTJ* features masculine sex god Jake Deckard in his first starring role, heading a cast of ethnically diverse porn studs.

The cast features something for everyone, from brawny studs like Collin O'Neal and Blake Nolan to the smooth, tight physiques of Jay Black and Mario Cruz. There is also a few newcomers like tattooed stud Rambo. There are plenty of dramatic surroundings like lush jungle canopies and wave battered coastlines for the intense sex scenes. Jake Deckard powers his way through several co-stars and even serves up his perfect hairy ass for a few. The second disc in this two-disc set includes an excellent behind-the-scenes feature and cast interviews that reveal the men behind the porn star image.

Bottom Line:

This video is a true winner. Beautiful, untamed locations and horny masculine men converge onscreen for one hot piece of porn. Raging Stallion delivers and once again proves they know how to assemble a diverse cast for a quality fuck flick. The exceptional bonus features also make this a worthwhile addition to any porn lover's collection.

BROKE STRAIGHT BOYS

by:
N. Mayers

Have you ever fantasized about your sexy straight friend begging you for some money? "I'll do anything" are the words many gay men long to hear in this situation. If this is something you would proudly take advantage of, then we have the site for you. Broke Straight Boys takes this fantasy scenario and runs with it. The saying that every man has a price was never more true than on this fun and sexy site. Who doesn't want to watch straight guys turn into total butt sluts for the promise of a few hundred bucks? JustUsBoys was able to catch up with the creators of BrokeStraightBoys.com to find out a little about this exciting concept.

JUB: What is the concept behind Broke Straight Boys? **BSB:** We basically find hot straight boys that are in such desperate need of money they will do anything. We take these straight boys and convince them to do things with other guys for money. We have some gay guys on the site but they are there to help the straight guys get off. We always say if the guys are straight or gay at the beginning of each scene.

JUB: What do you look for in the models that make it onto the site? **BSB:** I look for several things. They must be str8 or at least bisexual or this is something the guy wants to experience. I don't tell them they will be working with a guy or girl so we have the element of surprise but I think most guys that come into our studio are pretty much aware they may have to have sex with a guy before they can have sex with a girl. Also they must be attractive and good-looking but most impor-

tantly we seek guys that also have a great personality and consider themselves open-minded.

JUB: Are the models really straight? **BSB:** About 50% of the models are truly str8; many of them are curious and/or bisexual. My favorite guy is the one that comes in for the video shoot and explains to me that he is str8 and has never been with a guy before but then he sucks dick and fucks like a champ. Although they are str8, I think they are actually bisexual but don't want to admit they have sexual attraction towards another guy. We have a lot of guys that have girlfriends that are either ok with them doing things with other guys or they just don't know about it.

JUB: Who are some of your popular models? **BSB:** Our most popular model is Taz, who came to us in the summer of 2006. Taz is very straight and had a girlfriend, but he was open minded

and willing to do some things with other guys. Other popular guys are Chris, the army guy, and Phoenix, who is a bad boy and incredibly hot. All these guys are very straight which makes them perfect for our site.

JUB: What has the overall response to the site been like?

BSB: The overall response to the site has been incredible. Members love the site and are always excited to see who our new broke straight boy will be. Webmasters love the site because they are making tons of money promoting the site because it converts so well. We also won best new site for 2006 at the Cybersocket Awards so the response to the site has been nothing short of amazing.

JUB: Why do you think gay men are drawn to this type of content?

BSB: Gay men are always drawn to straight guys. Gay men want something they can't have and

I'll do anything!

love the challenge of trying to get a straight guy to have sex with them. Every gay man knows a straight guy they would love to have sex with. So our site plays with the fantasy of hot straight boys and combines that with the fact that they are doing this only for money, which is even more of a turn on.

JUB: What is one of the craziest experiences that has occurred on set? BSB: I don't know if you want to call it "the craziest experience" but there was one model that came in from Boston and he was in the Marines, he is very str8 and he wanted to do porn for the longest time. He applied to several straight studios and was turned down so somebody suggested to him that he should do gay porn. This guy came in and was

so scared and frightened about having sex with another guy he hyperventilated and actually passed out for a few moments.

We filmed the scene but it was so funny to watch him suck dick and get his dick sucked. The scene was filmed and we decided not to use him anymore for a follow-up. I was freaked out that the guy actually fainted! The funny thing was he ended up on our computer and found a date with a "tranny" and never came back. He actually left the state!

JUB: What are some of the recent upgrades and changes to the site that new users should look for?

BSB: We were only updating the site twice a month, but now we are updating weekly. This is the biggest and most exciting change

to the site. We also give members access to 3 bonus sites for free when they join BrokeStraightBoys.com.

JUB: What do you have in store for the future? BSB: In the future, we will have hotter straight boys, and we will also do more scenes outdoors and in different locations.

There is also the possibility of having updates twice a week. We are also working on Broke Straight Girls, which will be about the same concept as Broke Straight Boys but for straight or bi-curious people. Broke Straight Girls will be launched in spring of 2007.

Straight Boys in Gay Porn

by:
N. Mayers

RandyBlue.com has emerged as one of the most popular adult sites on the Net thanks to its abundance of hot videos and its stable of beautiful guys. In Randy's world, the lines of gay and straight are blurred beyond recognition so that visitors can simply enjoy the beauty of man on man sex. But, who are these beautiful straight boys that enter into the world of gay porn? JustUsBoys was able to chat with two of Randy Blue's most popular models to find out the psychology of the straight man in gay adult entertainment. Chris Rockway and Braden are two of the hottest young men you are likely to ever meet. Both possess a wide-eyed innocence, gym sculpted physiques, and a total lack of inhibitions... all of which has helped them to become fan favorites.

Braden and Chris

JUB: How did you guys first hook up with Randy Blue?

Chris: One of Randy's friends saw a Myspace picture of me and, at the same time, I was looking into nude modeling. Somehow we got in touch on the Internet. When I met him, he was just so cool. That was about 6 months ago. **Braden:** I was doing some modeling for a photographer in Maine. He gave me the name

and I contacted Randy. He flew me down and I did my first solo with him and I've been working with him ever since.

JUB: Have you done any video work previously? **Chris:** No never. **Braden:** I did a

Sharpshooters Manforce video. But that was more like packing boxes naked and then you did a jackoff scene at the end. It was more like comedy porn.

JUB: Do you identify with being straight or bi or are you just opposed to labels? **Braden:** Well I'm straight but I don't label people. If you're happy doing what you are doing and you know who you are, I don't think you need to tell everyone. **Chris:** Straight. But it's weird when people ask me. I never looked at sexuality in that way though. I guess that's why I'm cool with it. People do what they want to do. If it's good for you then that's what you should be doing. I prefer ladies though.

JUB: What was your first experience on set like?

Chris: Good. I wasn't nervous or anything. It was a jerkoff. Randy was there. He is just so cool and laid back that it just makes everything so easy. **Braden:** I was more nervous when I was thinking about it. The first scene when I was getting blown by Reese, I had never had that happen before but when I got there my mindset was more about making the video look good. And Reese is really cool so it wasn't as nerve racking as I thought it would be.

JUB: What drew you to doing gay porn? **Braden:** Well obviously the money, but you get to meet people that are like you and you can share stories about lifting and bodybuilding and lifestyle. The people I work with at Randy are really good. **Chris:** I just don't have a lot of shame and inhibitions. And the income is quite nice. It was really a business decision for me. Obviously, there is not a lot of work you have to put into it.

JUB: Do your straight friends know about your work in the industry? **Chris:** Pretty much everyone

in my hometown knows. They all found out on the same day. Somebody saw something on you tube or Myspace and they emailed it to everybody they knew. And, this was a girl I haven't even seen since high school. In one day I had five of my closest friends all call me within four hours. **Braden:** They found out in October. It took them a while. I was doing it a little over a year and then all of a sudden someone saw it and posted it on Myspace. Within hours my whole town of 8,000 people knew. I live in a really small town so I just moved two hours away with my brother and a few friends.

JUB: What is the hardest part about being straight in the gay adult industry? **Chris:** I haven't really seen anything like that. Other than the obvious when something is new. There is just that hurdle when something is new and I haven't done this before. It's just a psychological hurdle. It just comes down to being able to perform. **Braden:** I don't know if there's anything. It's not like I enjoy doing it, but I do because I work with people I know who are like me. I don't really know if it's that difficult a job.

JUB: What is the most rewarding thing about working in the industry? **Braden:** Meeting people. Building friendships. Coming out to LA when I normally wouldn't have a chance to. It pays well. I get to go to different club events and have fun. It's done a lot for my life. Made it easier. I don't have to work a 40 hour job and can train and work on my bodybuilding and stuff. **Chris:** The money's good. I actually don't know that much about the industry besides Randy Blue.

JUB: What goes through your mind when you are shooting a scene? **Chris:** I'm pretty much thinking about making it look as hot as possible and keeping myself in the frame of mind where I can perform and everything just goes smoothly. **Braden:** I just try to focus on making it look as real and as good as I can.

JUB: What are your plans for the future? **Chris:** I will continue to work for Randy. I don't know how long. **Braden:** I just plan to continue with Randy as long as he wants me aboard on his site.

31 Flavas Flava Works

Read More and See Hot Photos Here:
JustUsBoys.com/flavaworks

Flavaworks has been delivering some of the hottest black gay porn for a while and to celebrate they have released 31 Flavas. This video compiles some of the best scenes from their catalogue along with trailers from all 31 Flavaworks films. Seven scenes and 31 trailers add up to hours of horny fun.

The Flavaworks stable of models are not your typical big black muscle daddies. These men are of the younger variety. Horny, young men in their late teens and early 20s, Flavaworks models like Breion and Baby Boy project a certain fresh-faced innocence that is rarely attributed to blacks in porn. Scene 5 is by far the hottest, matching Breion with bootylicious Shorty J. Shorty is made for porn and he shows off his muscular butt and deep throat skills with pure delight. He obviously loves his job and you will love watching him handle every inch of Breion in this classic scene. Scene 7 is a never before seen bonus that should please fans.

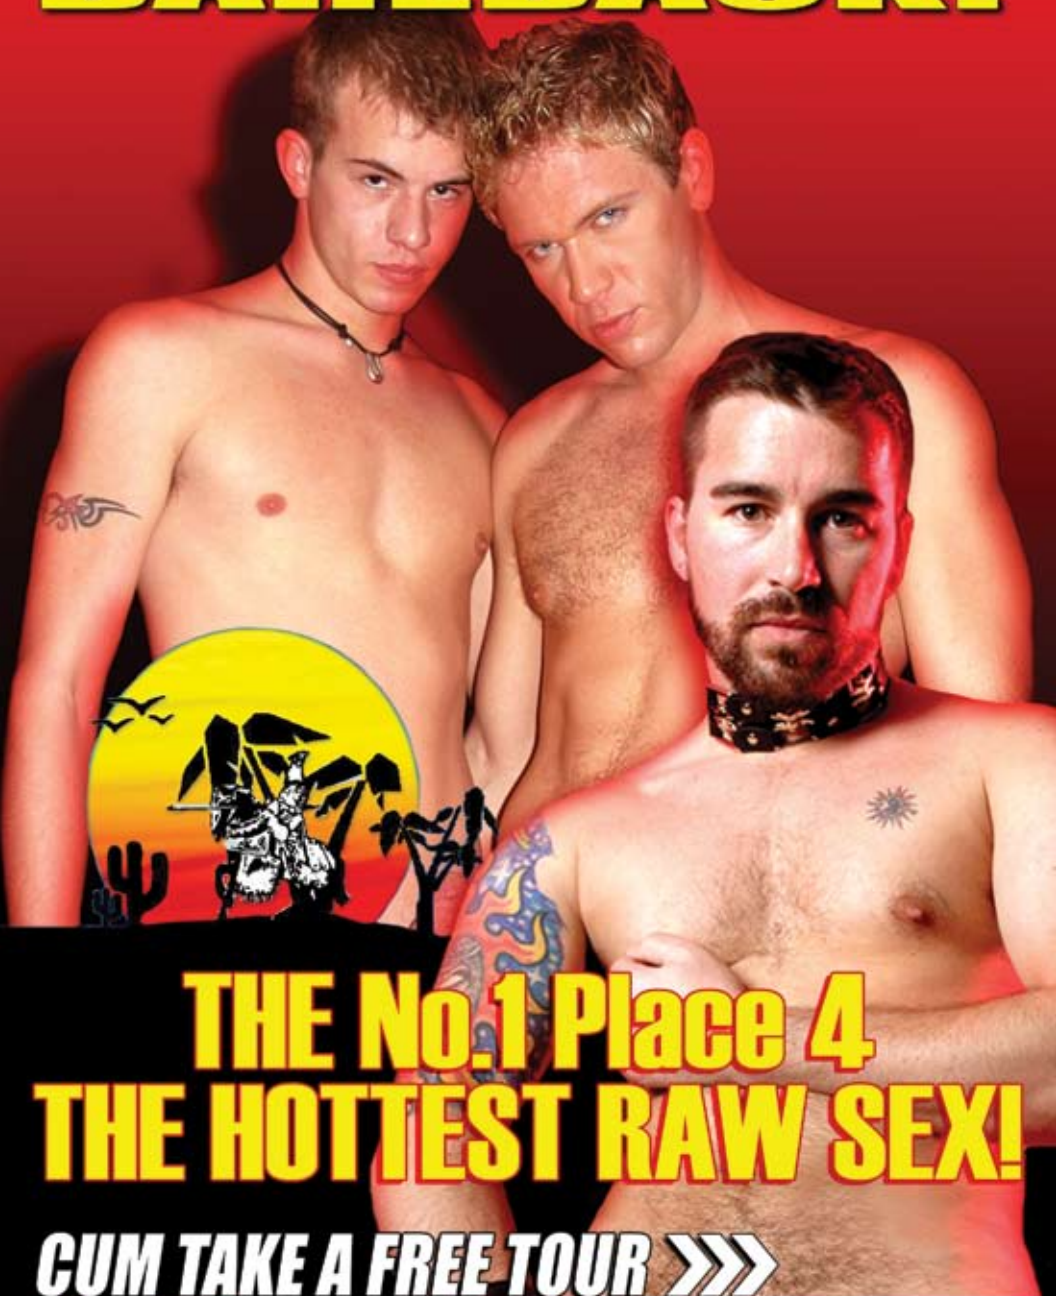

Bottomline:

If you are a fan of Flavaworks, you have probably already seen these standout scenes. If not, this collection is a great way to familiarize yourself with their special brand of young thug porn. And, if the scenes don't get you off there is bound to be something in the extensive trailer gallery that will!

Scott
and Sebastian

Scott and Sebastian have both lived in the Los Angeles area for most of their lives. It wasn't until one November evening that they found true love at a place that you most likely wouldn't think of. JustUsBoys recently spent the afternoon with these charming guys as they told us a little about their life together.

How long have the two of you been together? **Scott:** Since November 2, 2005

How did you meet? **Sebastian:** We met at Flex Bathhouse. I was there in my room and Scott walked by. We noticed one another and then cuddled for a while before we ended up having sex that night. We have been together ever since.

What is the first thing that each of you noticed about the other?

Sebastian: Well, I noticed his

body. He is the type of guy that I am attracted to. **Scott:** Overall look, physique and smile. Of course, he was wearing a towel so I didn't notice the rest of him at that point.

Why did you apply to be featured as a Real Couple for the magazine? **Sebastian:** I wanted to do something to let everyone know about us as a couple and show people that they really can find love in places they would least expect. We argue just like any other couple would but we

work thru it. I wanted to go to a place that had a great reputation with a lot of loyal readers so JustUsBoys seemed like the perfect solution.

What is a typical day like for the two of you as a couple? **Scott:** Well, I work outside of the home for a major studio and Sebastian takes care of the house. I get up about 7am shower and shave and kiss him bye. I get home about 6:30pm. We have dinner together and watch tv for the rest of the evening. **Sebastian:** While he is

at work, I clean the house, visit family, and catch up on email from our website.

So you have a website? Do you both work together on it?

Sebastian: Yes, it is www.sebastianrioproductions.com **Scott:** It is Sebastian's website but I built it and work with him on getting the models and do the photography. We also appear on the site together.

Why did you decide to start a website?

Sebastian: I got started in the adult industry long before Scott and I met. I always had a dream of one day having a company that brings new faces to the gay adult film industry but I just didn't have the time or the money to do it. Thanks to Scott my dream came true when we opened my website. Scott has been a constant supporter of everything I do and he has helped me build the site. We are in the works of doing our very first production. We are currently working with people that are just getting involved in gay porn and helping them build their careers as gay adult porn actors. I intend to get involved by working behind the camera as much as in front of it.

Is it hard to work in the adult industry and be in a relationship?

Sebastian: When Scott and I got together, we discussed this and now the only couple scenes I do are with him. I just don't think it would work for us any other way.

What do you feel the secret to a great relationship is?

Sebastian: I always think that a relationship needs to have good communication and trust. **Scott:** I totally agree with that. The only thing I would add is support each other thru every situation. You need to be there for one another no matter what happens.

What is the most romantic time the two of you have had?

Sebastian: It would have to be our trip to Paris to celebrate our first year together. We had a wonderful time in spite of my emergency appendectomy. **Scott:** It was towards the end of our trip when we were touring the city. I was looking at something and I heard Sebastian yell my name. I turned around and he had collapsed. I rushed him to the hospital just in time. We spent the next few days in his hospital room staring out the window at the Eiffel Tower.

What is one thing about each other that can sometimes be annoying?

Scott: If I had to pick one I would say it is the fact that he smokes. **Sebastian:** He has a habit of collecting porn and it drives me crazy.

So Sebastian you are a porn actor. Why do you feel like this bothers you so much?

Sebastian: Well I make porn as an entertainer but I really don't watch it. I suppose I am a bit jealous.

What is your favorite thing about each other?

Scott: His never ending love and devotion to me. **Sebastian:** The fact that he is such a wonderful guy that believes in me no matter what I do. He truly loves and accepts me for who I am.

Does the age difference ever play a factor in your relationship?

Sebastian: Well Scott is 45 and I am 26. I went out more when we first met so there was a little bit of an adjustment. Luckily my party days are behind me now. I really just enjoy spending evenings at home watching TV with Scott. **Scott:** While there is an age difference there is a certain level of compatibility. I have always been told that opposites tend to attract. I think that age doesn't really matter as long as you have an open line of communication. I have always preferred younger guys but those that don't like to go out and party all the time. Sebastian has put all that past him.

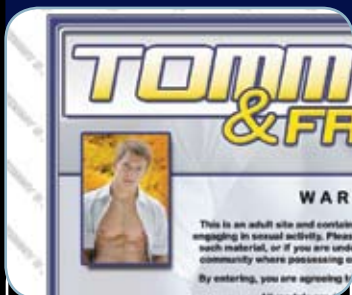

What advice can you give to others in a relationship?

Scott: Open communication is the most important thing and complete honesty all the way thru.

CHI CHI LaRue

by:
N. Mayers

STRAIGHT TO THE POINT

Chi Chi LaRue's career in porn stretches back over 20 years and across more than 400 films for both straight and gay audiences. She has worked with the best in the business from the stars at Falcon to the girls of Vivid. With such an extensive resume, we thought Chi Chi would be the perfect person to help us get to the bottom of the whole "straights in gay porn" phenomenon.

JUB: How did you get your start in directing?

CHI CHI: I lived in Minnesota where I worked in an adult bookstore and I moved to LA and I was here with no money for 2 weeks. I answered an ad in one of the gay rags and it was for a sales person at Catalina videos. I knew so much about the product that they hired me right away. I wanted to be in the production side. I was always sniffing around the editing room and the art department.

JUB: Did you know you were destined for the porn business? **CHI CHI:** Yeah. I've been a huge fan of porn for as long as I can remember. I would go to these big straight movie houses and I knew everything about every porn person. I would go across the street to the arcade and go to the booths where they had gay movies. I wasn't looking to suck dick. I was just going to watch these movies.

JUB: How is Chi Chi different from your personal life? **CHI CHI:** Very. Very different. Recently I have had to curb the influence that Chi Chi the drag queen has on me. I'm a lot more flamboyant when I'm in drag, which has sometimes gotten me into trouble. But as I have gotten older I've calmed down immensely.

JUB: What are the top reasons straight guys make gay porn? **CHI CHI:** Money. Narcissism. I think that

anybody that gets admiration and accolades and people lusting after them entices them, whether they are gay or straight. I think that the actors in straight porn are realizing the marketability of themselves in the gay market.

JUB: Do you think straight guys use gay porn as a way to test the waters? **CHI CHI:** Listen. I've had lots of guys who do straight porn and once you do something it gets real old and you look for a little something else in your world. I've had many straight porn stars with their girlfriends call me up asking if I was having a party and if they could come over.

JUB: Do you ever get the models to stretch their limits? **CHI CHI:** As a director, I try to do what I can to make the product look good. I never want anyone to do anything that will make them feel uncomfortable. I find out everyone's limitations before I start a movie. Everyone has the right to do or not do what they want to.

JUB: What was your worst experience working with a straight model? **CHI CHI:** I think it's awful when a straight guy has to have a bucket so they can spit every time they take the dick out of their mouth. I think that's really degrading for the other person. But I haven't really had many bad experiences. I had a model that refused to have the other model spit in

his ass. He literally went off on me so much that he wasn't invited to dinner with us that night. But he wound up showing up at the restaurant apologizing and buying everyone's dinner.

JUB: What straight model is your favorite?

CHI CHI: Rod Barry. Look for him in the new release of "Depraved" available March 13, 2007. There's also a boy named Ryan Alexander who is back doing movies for us. He is amazing. So beautiful. So sweet. So even headed.

JUB: What is it about models like Ken Ryker, Jeff Stryker and Ryan Idol that attracts legions of fans when there is so little that they are willing to do on screen?

CHI CHI: That was the golden ticket. If you got one of those kind of guys and built them into a star. Almost unreal. Very unattainable. That was a turn-on in the late 80s-early 90s. Out of all those people Ken Ryker was the least unapproachable. It was just a phase for the audience. I don't think they like that anymore.

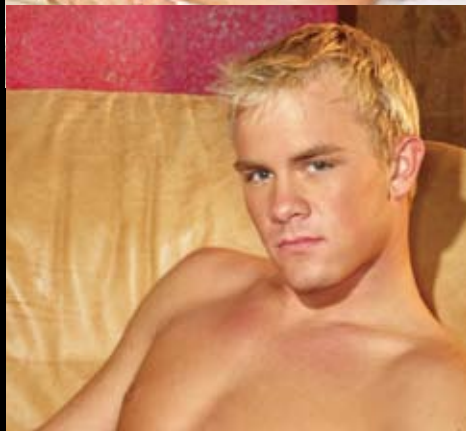

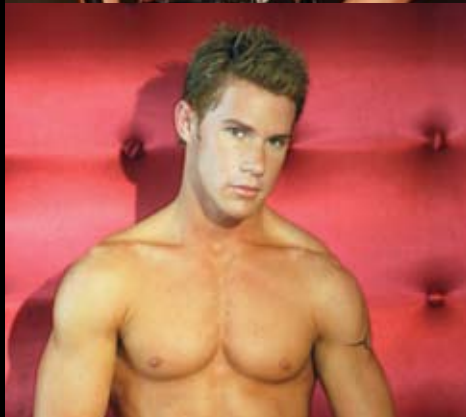

JUB: Where do you think the interest in straight men comes from? **CHI CHI:** Well it's a fantasy. Just like a fireman, policeman, truck driver, baseball team, bathroom stall. Just one of those gay fantasies.

JUB: Is the whole straight/gay thing an artificial distinction? Every model must have things they like to do and things they don't like to do, so is sexual orientation really a factor on the set at all? **CHI CHI:** Yes. Well you have to curtail the scene to the likes and dislikes of both the straight and gay actor.

JUB: Any advice to straight guys looking to do gay porn? **CHI CHI:** Don't just have your hand out waiting for the check. You are going to have to give a little bit. Otherwise the fans are not going to want you. And fans have become really savvy because there is a lot to choose from.

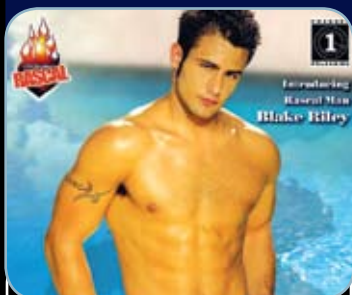

JUB: In your years of directing, you have directed straight guys in both straight and gay movies. Which is more challenging? **CHI CHI:** When I do a bunch of straight movies I crave being on a gay set. And after I've been on a gay set it's really fun to go direct the girls. It's challenging for me in straight movies because this is where I push the envelope a bit. I try to get those straight guys to do a little more than they normally would. I love to have girls eat their asses. That's my favorite thing in the world. And a lot of times I'm met with opposition.

Chi Chi's empire continues to grow with new models like Blake Riley, Josh Vaughn and Benjamin Bradley.

Knob Bobbin' Channel 1 Releasing

JustUsBoys.com/channel1

In most films, oral sex is just the precursor for hot anal action, but in Chi Chi LaRue's *Knob Bobbin'* it is the main event. Set at a gay retreat for anal sex addicts, the stars of *Knob Bobbin'* are under intense scrutiny and are not allowed to penetrate each other. The couples can only suck and rim each other or risk being ejected from the resort. It's a fun concept that elevates this blowjob comedy into something more than just a suck flick.

The cast doesn't hurt matters in the least, especially newcomer Blake Riley who sizzles onscreen thanks to a beautiful set of eyes, smooth skin, and an adorable butt. Oh! Did we mention that he's a champion dick sucker? With a cast that includes dark and handsome Luca DiCorso and hunky Nick Marino, there is plenty of variety in men. Chi Chi was also smart enough to include one anal scene at the end to please those anal addicts out there. The disc features a cute behind the scenes feature, a pop-shot on demand option and a few similarly themed trailers.

Bottomline:

This video is a nice alternative to the normal suck and fuck flicks that everyone is accustomed to. It is quite refreshing to simply enjoy the models here as they suck and rim in every position imaginable. This video is proof that anal sex isn't needed to make a video extra hot.

NewYorkStraightMen.com

The hot guys of New York are unlike anywhere else. New York Straight Men has a collection of sexy straight men fresh off the STEAMY streets of NYC. Bursting with machismo, handsome but with a hard edge... You can just imagine the bouncer at that straight club you pass on the way to your favorite gay watering hole, or the guy at the coffee shop who you always wish would give you a little of his cream.

Here are some more sites we like...

Straightgoesgay.com

At Straight Goes Gay, straight guys reply to an ad willing to go a little further than a jack off scene. Before long both guys are naked and they're getting it on. If you like to see straight guys doing gay things then this is another site made just for you.

AustralianMales.com

There are a lot of reasons to love this site. The guys from down under are all so damn sexy and the quality of the pics and videos are amazing. The XXX galleries feature some really hot guys getting into some off-the-wall sexual situations.

AuthenticFootballers.com

Here is something unique: real South American footballers who strip and jerk off in front of a camera. The guys are all Latino of course and they are all horny in their own way. Some are young and smooth, others are older (up to 28 years) and most of them look like the average kind of guy you'd expect to see playing in a match. Are you ready to play ball?

Naked News Daily Male

adds a twist to current events

by:
Ken Furtado

All the nudes that's fit to print

Name a profession where you make your living naked. If you named 10 professions, I'd bet "TV newscaster" was not among them. But at Naked News Daily Male, there's a bevy of newscasters ready to read to you in the raw from their teleprompters, bringing you the day's news sports, weather and more. Why wasn't current events like this when I was in school? This is not porn, and to the newscasters' credit, they can keep your attention focused elsewhere than 20 centimeters below the navel. The site launched in April, 2001, a spinoff of Naked News, which featured female journalists delivering the news of the day to a primarily straight male audience.

According to NNDM producer Lucas Tyler, who was also the site's first naked male, Naked News Daily Male originally targeted straight females. But the producers quickly realized their viewers were mostly gay and bi males, so the focus changed to gay men. Currently, Tyler estimates, the female Naked News draws tens of millions of viewers monthly. Naked News Daily Male attracts fewer fans, but still counts its viewers in the millions.

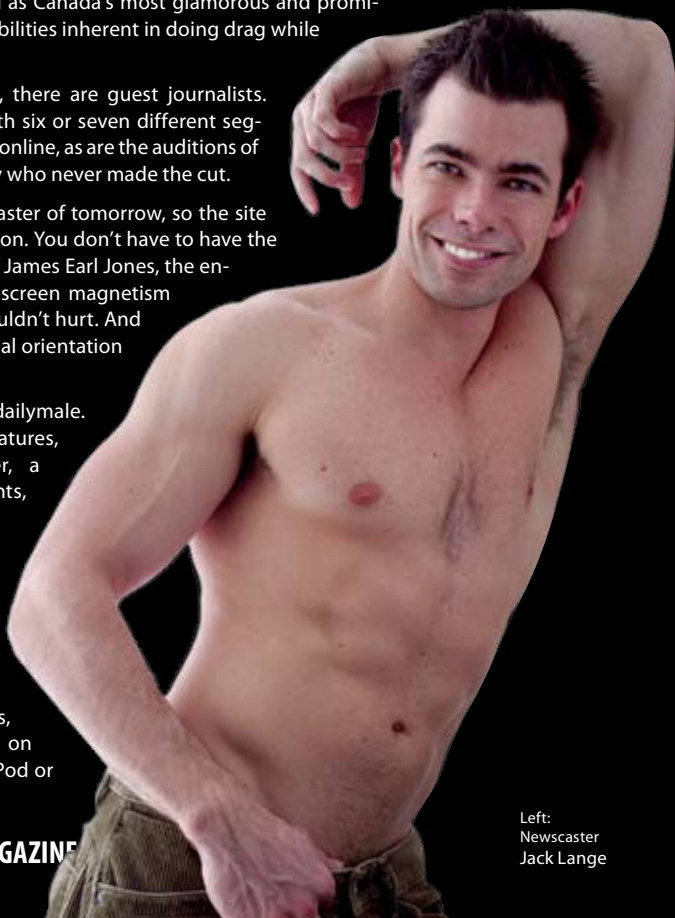

The newscasters sometimes wear more than their birthday suits or a cock ring — a bowtie for festive events and real clothing for features like "Man on the Street." There's also Enza "Supermodel" Anderson, described as Canada's most glamorous and prominent drag queen. Due to incompatibilities inherent in doing drag while being naked, Enza appears clothed.

Besides the regular show anchors, there are guest journalists. A new show is filmed each day, with six or seven different segments. Previous shows are archived online, as are the auditions of current newscasters as well as many who never made the cut.

There's always room for the newscaster of tomorrow, so the site offers a way to sign up for an audition. You don't have to have the body of François Sagat, the voice of James Earl Jones, the endowment of Jeff Stryker or the onscreen magnetism of Brad Pitt, but one out of four wouldn't hurt. And you don't have to declare your sexual orientation at the door.

The Web site, www.nakednewsdailymale.com, offers many additional features, including screensavers, wallpaper, a technical/help tour, announcements, NNDM gift shop, and more.

You can join for \$19.87 monthly, with deep and deeper discounts for a six-month or one-year membership. Three payment options are available. Streaming is offered at three speeds, or you can download segments as mp4 files, which means you can view them on portable display devices like your iPod or cell phone.

JUB: Why do this? How much of your job is fun and how much is work?

Dale Danforth: For the most part, the job is fun and I don't consider something I love doing "work." Everyone on staff, whether they are anchoring, editing, writing or filming, is great. There is a very loving, family-like atmosphere here.

JUB: What was the hardest thing (oops, poor word choice) about your audition? About your first real performance?

Jeremy Chase: I've never been afraid of public speaking or nudity, but reading a teleprompter nude the first time can be very intimidating! Fortunately, Jordan, the cameraperson that helped me through my interview, was so gracious, it made my first experience a pleasant one. When I did my first "real" segment, I was more familiar with the studio and the crew, so I was far more relaxed.

JUB: Is it difficult to know what to do with your hands when you are standing there with nothing to wear and nothing to hold?

Jeremy Chase: I never realized the importance of pockets until I didn't have them! I try to be conscious of what my hands are up to. Do I look like a statue or am I flapping my arms so it looks like I am about to take flight? Eventually, you have to make peace with your hands and they do what they will do.

JUB: Does being a Naked Newscaster increase your chances for getting a date on Saturday night?

Matt Waterman: Some guys think that because I work naked, I'm a slut. Well, I am, but not because I work naked! And some guys are really intimidated by it. One guy recently said, "Wow, you're a really nice guy for a porn star." I tried to explain that I'm not a porn star, but he wasn't interested in talking.
