We had the pleasure of interviewing some very interesting and outspoken people for this issue. First, Michael Lucas talks about how he went from young lawyer to gay porn luminary, his very successful year, and his latest project, Barcelona Nights. We also spoke at length with the founder of Hot Desert Knights about the state of the porn industry and his controversial stance on bareback porn. Finally, we check in with the very sexy Reese, one of Randy Blue's totally hot models.

If you've visited JustUsBoys.com recently you already know that we've recently completed a major redesign of the entire website. The new design, and dynamic homepage, should make it much easier to find out exactly what's going on in the world of online erotica. We also added some great new features, including a comprehensive website review system, and a new "Eye Candy" feature that's updated every single day and let's you preview some of the hottest sites on the Net.

As always, a special thanks goes out to our advertisers for making the JustUsBoys.com Magazine possible. Please visit them and tell them JUB sent you!

Hot Desert KNIGHTS

CANDID & CONTROVERSIAL

Recently JUB had the opportunity to sit down with the owner of an extremely popular yet somewhat controversial porn company. Hot Desert Knights has a non apologetic view but you have to admire the straight forward and honest stance that they take with their business.

JUB: How did Hot Desert Knights come to be?

HDK: Actually the story is kind of unique. In 1998, we started having bareback parties at our home in Palm Springs. They grew from just a few friends to more than 60 guys each month. We finally had to move them from our home to a nearby gay resort in town because of the large number of men who were attending. At the time, we owned a business that produced safety training videos for industry and private corporations. At the end of one of the parties we were sitting around relaxing and one of the guys said, "you guys make videos, right?" We said yes and he said, "well, why don't you make bareback fuck videos?" We started thinking about it, did some research on the net to see if there was a market. In February 1999, we produced our first two and put them on the net to see what happened. They were a hit and we've been producing them ever since.

JUB: It is a very controversial subject and I'm sure our readers want to know... Why bareback videos?

HDK: Easy question to answer. We don't like condoms and never use them. We don't like the "mystery" condoms that magically appear in videos. One minute it's not there, and the next there it is. We think that a lot of "bare backing" is going on because guys are sick and tired of being preached at and feel that as adults they are free to do as they choose. Same way for our videos. We don't encourage unsafe sex, but we do say that as adults we are free to make our own decisions. We are free to make bareback videos and offer them to the public as a fantasy. If there is a market for

bareback videos, then obviously we are filling a need. Many of the guys who buy our videos tell us that they buy them because it fulfills a fantasy for them. Many other guys tell us they buy them because they do, in fact, bareback and that they are tired of seeing videos made with condoms. So, as long as the demand is there, we will continue to provide them to our customers.

JUB: How do you find your guys?

HDK: Actually, they find us. We have an application on our web site for models. We receive applications daily and at any given time we normally have between 800 and 900 applications on file.

JUB: What do you look for in an HDK model?

HDK: For the most part we look for average guys. We've never been interested in filming the type of models that you see in films by Falcon or Catalina. Our type of guys is the kind of guy that if you saw him in a bar you wouldn't be intimidated by him and would be willing to approach him. That's not to say that we haven't had some absolutely drop dead gorgeous models film for us but for the most part we'd rather have average, handsome guys in our films. We also aren't too concerned about age. Unlike most studios who seems to prefer younger guys, the average age

of our models tend to be mid thirties and we've filmed a number of really handsome "men" who were in their forties and fifties.

JUB: You have some great titles. If you had to pick your favorite HDK video what would it be? Why?

HDK: That's easy, it would be Hole Hunters. Nothing but real men having real sex with reckless abandon in our Dungeon. The last scene of the "unedited" version featured a Daddy having sex with his two boys and contained everything from fucking to fisting to water sports. Very hot scene.

JUB: I noticed in some of your recent releases like "Backseat Butt Fuckers" you are going more towards European jocks. Will we be seeing a lot more videos with hot European guys from Hot Desert Knights?

HDK: We are going to continue using the European jock look for some of our films because we get many requests from customers for those kind of guys. But, we also get many requests for the older, more mature, kind of "rough around the edges" kind of guys doing more hardcore things, so look for several of those coming out in the near future.

MICHAEL LIVING HIS LUCAS AMERICAN DREAM

JUB: Wow! What a great year for you. Congratulations on your recent wins. What inspired you to do "Dangerous Liaisons"?

MICHAEL: Well, I loved the book. I read it in school when I was about 14 years old. I thought it was an amazing; sexually charged and sophisticated. After I saw the film with John Malkovich and Glenn Close, I went out and bought all 5 versions of the film from Cruel Intentions onward. I thought to myself that there is only one version missing: a porn version where fucking actually happens!

JUB: I noticed that in the movie you also included some interviews with some great celebrities. Tell us about your favorite celebrity interview moment.

MICHAEL: Every celebrity has their own thing. The turnout of each celebrity appearance was always unexpected. I thought the interview with Bruce Villanch would be incredibly playful, but it turned into quite a serious conversation. Graham Norton on the other hand was fun, and I think it was also the easiest interview to do. Boy George was quite difficult, Hedda Lettuce had a great time with her interviews and Michael Musto was very sharp, and as always a great contribution. Amanda Lepore, well she didn't have to say much. I enjoyed just sitting next to her and watching her lips move! Most fun- no doubt- Lady Bunny. She's hilarious. All of them are great friends and wonderful talents. I am thankful they were brave enough to appear in a porn flick. All of them deserve my applause.

JUB: So tell me a little bit about how you got your start. You are obviously a very attractive guy. Were you involved with modeling?

MICHAEL: Well I was still at college, I was modeling in Moscow, and then in France and Germany. But I thought, my god how boring to stand in line and wait for some tired fashion queen to look at you like an animal! I wanted

to go for something where I can just get what I want without wasting my time. But I still bring a lot of fashion to my films and photography. The difference is that now I hire photographers, they don't hire me.

JUB: When I watch your films there is something different about them. You really seem to spend time actually creating a plot, caring about your locations and even fashion. Is that what sets Lucas Entertainment apart from your competition?

MICHAEL: Yes! I love beautiful things. I am a very visual person. If I go to an Opera, I want to see a beautiful set; I don't want to see a modern, ugly set. Same thing with films. I want to see beautifully dressed actors with nice haircuts. Not just fucking their brains out which is always in my films anyway. I also think that the characters should have sex with a reason. A little story can only make it hotter. Knowing why the guys are there in the first place can help a viewer relate, and it can resonate.

JUB: The photo of you on our cover was shot in Israel. What took you over to Israel and did you actually shoot porn in the Promised Land?

MICHAEL: I always wanted to go to Israel. Part of my family lives there and I feel strongly about my roots. The opportunity to visit my first time came 3 years ago when I visited a club and did a live sex show. I did the show again in Tel Aviv and about 2,000 people came. Tel Aviv is like New York but more open minded. It is the gay Mecca of the Middle East. The first time I did a show in Tel Aviv, I fucked Rob Ramos on stage. The second time I fucked Wilfried Knight. People were ecstatic. This year I went just for fun and my photographer friend Ron Ackerman took beautiful shots of me, and we spent one day in the desert with Mr. Gay Israel 2005. It was my winter vacation, but there was no performance that time.

We recently met up with Michael at the 2006 GayVN Awards where his company took home 5 Awards including Best Picture, Best Supporting Actor, Best Screenplay, Best Pro/Am Release, and Best DVD Extras for "Dangerous Liaisons". There is no doubt why this film did so well this year. Right now you can get your own copy at a great discount by visiting LucasEntertainment.com.

JUB: You are the only uncut Jewish Guy I know.

MICHAEL: This is nothing surprising. It's a very common thing if you keep in mind that I grew up in the Soviet Union. Most Russian Jewish guys are uncut. There is nowhere to get circumcised and most Russian families did not want to do this to their kids because of great anti-Semitism. My parents didn't want their kid to be laughed at, and to be honest. I am quite happy they didn't do it. I am still Jewish even with this extra piece of skin.

JUB: What challenges do you face by being in the adult industry?

MICHAEL: To be very honest, I've only benefited from being in this industry. Everything I have in my life from my beautiful apartment in Chelsea to my great company and staff came from porn. I would never have been able to meet these people if I became a lawyer. I graduated from Law School in Russia. Had I followed that route in life, I would not have nearly the interesting life I live now. I have fulfilled my own interpretation of the American Dream and I am feel very privileged for how everything has turned out.

JUB: Tell me a bit more about your next project, "Barcelona Nights".

MICHAEL: Well, it was a very challenging project because Barcelona is not as convenient as New York for filming. But, of course the sex is amazing and the guys are gorgeous. I also sport a new bald look for this film. I promise it is the only time you'll see this style, because my hair is back for good. You will also see Wilfried Knight in his first film since Dangerous Liaisons, along with a host of stunning new faces. We also try to give viewers a taste of Barcelona nightlife.

Webmaster Suki says it best... "Chinese, Thai, Filipino, you name it and I bring it to you!" Right from the sexy cartoon drawing on the homepage, you can tell you are in for a treat here. And one of the things that make this site so hot is that the clips are all real amateur movies shot specifically for the site.

I'm also a big fan of stories and these were very creative and fun. They reminded me of the Japanese Anime cartoons I've seen but with lots of hot, steamy sex. And with titles such as "Internet Sexperience" and "Japanese Sex Train", how could you not want to take a look!

Why go searching through galleries and galleries of American and Euro twinkies if you really only want Asian guys? The pricing for this high quality, creative site is great for the excellent collection of amateur models you'll find here.

Have you ever visited a site only to feel like you're expected to know the menu ahead of time? Well, you'll be pleasantly surprised when you visit MiamiBoyz.com and click the "New Member" link to quickly get the lay of the land. That kind of attention to detail will give you the warm fuzzies, but you're here for the guys... and they're definitely worth the wait.

The site features amazing Latino guys from the streets of Miami and Los Angeles and the selection is impressive. The photos are all high quality, with galleries set up like a contact sheet for you to pick and choose, or you can run a slide show for hands-free viewing, if ya know what we mean. The videos are all really good quality too, and most come in both Real and Windows Media formats with an option for high or low bandwidth. If Latino guys are your thing... you'll be spending lots of time here!

A FRESH LOOK AT AN OLD FRIEND MANCHECK

From Amateur to Vintage, MANcheck has it, in spades. With webmasters and notable gay porn site sponsors supplying a steady stream of hot gay porn pics and video galleries, there's never a lack of something new to check out on this premium Adult Entertainment Network (AEN) system.

If you're new to the porn world or haven't heard of AEN before, here's a quick overview of what it's all about. AEN sites provide a central login point that gives the surfer access to literally thousands of galleries supplied by a multitude of webmasters for one fee with one password. Along with bringing a multitude of mini-sites into the system, the AEN usually has a central members area that provides access to other membership goodies like men's magazines, full video downloads and video streaming channels, live chat, webcam access and more.

And that is just what you will get as a member to MANcheck: access to over 31,520 sites with a regular yearly membership pass (only \$19.95 for a year). If you upgrade to MANcheck's Premium Pass, you'll enjoy a ton of premium gay entertainment. There are specially submitted sites that adhere to a set of standards in order to qualify for Premium status, plus MANcheck supplies feeds and features like the MANcheck Cinema, Sexgaysmes, Prague Buddies, Dude Dorm, Key West Dudes and more. All of this translates into literally hundreds of hours of gay porn entertainment.

The premium sites are just as rewarding as signing on for a regular paysite. Premium site owners have to update their sites regularly to remain on MANcheck's premium list, so you're essentially getting hundreds of paysites for one price. And since some really big producers of gay porn use MANcheck to showcase their new models, you're often treated to new and exclusive content about the same time the model shows up on their flagship site! Pretty cool, eh? Not to mention that there isn't a day that goes by that you won't find something new inside the MANcheck Network. It's that active and that popular!

Overall news for those that haven't stopped by the site in a while is a complete remodel of the MANcheck entry pages and site tour. They now offer both a static and a fancy flash version of the tour, which is pretty cool to watch. The site indexes have been updated, and a lot of the newer sites are showing up now in the featured listings. New productions have been added, and everything is looking clean, fresh and inviting. And that's just what I'm about to do ... invite you to take a fresh look at an old friend, www.MANcheck.com.

Up Close and Personal with...

REESE

JUB: What do you like best about working in the adult industry?

REESE: I like cumming, and meeting new people, then cumming on new people, and cumming again.... Though the most important thing of all is working with RandyBlue.com.

JUB: How were you discovered by Randy Blue?

REESE: Let's say.....I know people.

JUB: Tell me something about yourself that your fans may not know but they would be interested to find out?

REESE: This one time I was using my dick pump, with the release valve taped off so I could be hands free. I thought I'd be about 10-15 minutes. I was lying down, then fell asleep and woke up 8 hours later. My precious cock was purple for a freaking week.

JUB: You have an awesome body. What do you do to keep in shape?

REESE: My take on working out and dieting is fairly extreme, so I couldn't explain it here. Oh and thank you for the compliment.

JUB: I couldn't help but notice when I was watching your first video shoot on RandyBlue.com that you had the most amazing ass, you seemed to really get into fingering it. Does that mean that we may get to see you bottom in a future video?

REESE: You know my tight virgin ass has been thinking about it for a while, but it's a big step for me. So things will have to be just right, to make it happen.

JUB: Are you currently in a relationship?

REESE: At the moment I am just window shopping, so you better go on sale.

JUB: What is your best quality?

REESE: Since I've jacked off more then 10,000 times and that no exaggeration, I'm going to have to go with that one.

RandyBlue.com has done it again with his newest exclusive model. Reese is not just another hot muscle stud (with an amazing body and one the best asses we've seen), but he's also a great guy! We recently had the chance to get up close and personal with him, and we enjoyed every minute!
