Biceps slowly rising to their peak, the camera capturing every ripple, as tendons and flesh flex and flow across the male form? Come on in!

fratpad

... a cam house like no other.
... it's here

Recently, JUB was asked to be the very first guest of the new Fratpad created by the producers of Fratmen.TV. Fratmen invited the hottest guys from their website to a condo in sunny California to see what happens when you put 6 hot, straight and horny frat guys in one two-bedroom apartment with lots of live webcams.

I must be one of the luckiest guys alive because I was able to spend the afternoon with four of the hottest and most friendly guys I've ever met. As I interviewed each guy one by one, I had fallen in love 4 times in the course of a single afternoon. These guys are super easy to talk to and they made me feel right at home in their new pad.

Each of the guys brings their own personality to the Pad. Leo is like the father of the house, he is the one that makes sure the guys stay in line and they remember to eat... he is also the self-designated cook. Leo is excited to be at the Fratpad because this will allow him to try new things and explore what he likes sexually. He used to be a librarian so this is a big change for him, but he isn't as innocent as one would think though. He once got caught getting blown on a greyhound bus.

Riley is the class-clown and the one-man party of the house. He loves to joke around and make everyone laugh. Riley has asked Leo to teach him how to dance so make sure you

check in regularly on his progress. He says he is totally ready for his fans requests and he is excited to see how open his other roommates will be with this amazing experience. He is also very sexual and loves to jack off right before bed each night. Landon actually caught him in the act the night before the interview and it was the running joke around the pad while we were there.

When I first met Daniel and Landon, my impression was that they were the shy ones. Boy was I wrong! Daniel was eager to show me his tattoos and tell me about how he likes to be tied up and have sex in the shower. In a bit of a surprise to me, he disclosed that he wouldn't mind having a sling because one time he had the chance to fuck the girl he was seeing in her mom's sling. The closest sexual experience Daniel has had with a guy so far was when he was at a party doing a beer bong. He guzzled the bong and leaned over to kiss what he thought was a girl next to him and it turned out to be a guy. His friends started laughing and Daniel said, "I don't give a fuck". He said thinking back on it, that it was actually pretty good. Since fans are going to be able to make personalized requests for the guys, he says he knows that his fans will probably want to see guy-on-guy action and that he thinks it is very unlikely that they will be disappointed.

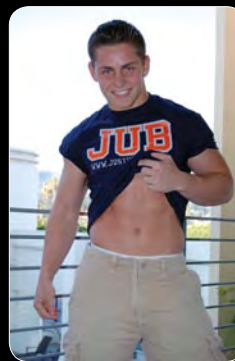

Landon is Riley's roommate. He told me that he is keeping an open

mind about the whole experience and is very excited to give his fans what they want. He said just the other night he was trying to sleep and heard a noise only to get up and see Riley in the living room jerking off. I don't think I would have minded seeing that at all. Thanks to Fratmen, now I have the chance to see that and much more on Fratpad.com. You'll definitely be able to count on me being a regular viewer of the shows. After the interviews I admit that I already have a few custom shows all planned out for these boys.

The new Fratpad.com allows you to tune in 24 hours a day to watch the 6 guys in the house, as well as 2 others located offsite. The guys will also be doing daily public shows together in addition to offering private and custom shows where you can negotiate with your favorite frat model on what you want them to do. The owners of Fratpad have left the decisions on what will go on entirely up to the guys. The dynamic of allowing the guys to push their own limits will be one thing that sets the Fratpad apart from other live house ideas of the past. The guys are already talking about who they think will fuck who first and who might end up in the shower for a little "wet play". These Fratmen exclusives are excited to get down to business and enjoy this unique opportunity of living the California dream for a few months until the next batch of Fratmen come in.

Papi.com

The word Papi is most commonly used as Latino slang for “Daddy”, or as a term of endearment between lovers, or even to describe a guy as sexy. But in this case, Papi.com refers to a sex party on your monitor! Each installment starts out with a bunch of hot Latino guys getting naughty in a bar or a club. Eventually, two or three of the guys partner up and head home for some hardcore action. If you like Latin men, this site will set fire to your computer and your private parts!

Tyler Exclusively From Englishlads.com

Tyler... Straight but not narrow!

JUB: Tell me a little about yourself.

TYLER: I have always been an active sportsman and was the school rugby captain. I surf a lot and I have travelled to some great surfing places round the world. I have been in London for a couple of years and am about to go off travelling again. I am 21 and earn my living as a personal trainer and play professional rugby. I also have a girlfriend who doesn't know about my modelling career!

JUB: How did you get involved in adult modelling?

TYLER: I saw an advert in this magazine in London "seeking male models with athletic bodies". I met the photographer. He showed me the website and I thought it looked like fun! I remember I stripped down so he could see my body and I took my undies down and my cock sprung straight up. I guess it broke the ice as I got the job!

JUB: You have a gorgeous smile and an amazing body, what do you feel is your best asset?

TYLER: Thank you. I guess I train hard for the sports I play so my body always seems to have been like it is! It's my smile that gets me out of any trouble so I'd consider that my most precious asset!

JUB: Are you currently in a relationship? If so, tell me about it... if not, tell me what you look for in a relationship.

TYLER: I have a girlfriend and we are really pretty close. I only have one secret I keep from her! We have been dating since high school and I'd guess one day we will get married and have children.

JUB: So I heard that you once had sex in your teachers bed. Tell me about it. How did it happen?

TYLER: That all happened with one of my first girlfriends. I was at boarding school and so it was not easy to see her, but she came to visit me one weekend and the only place we could find that was private was the teachers bedroom. The bed was not made so we just had a 5-minute quickie and leapt out and carried on our day!

JUB: What turns you on?

TYLER: Fucking my girlfriend in the ass and between her tits. I also like quieter moments and to be massaged. While I was doing one of my video shoots I discovered I also liked things in my ass. The first time I had a butt plug in there, I shot the biggest load of my life and shot my spunk over my shoulder and onto the headboard!

JUB: What do you think the sexiest part of a man is?

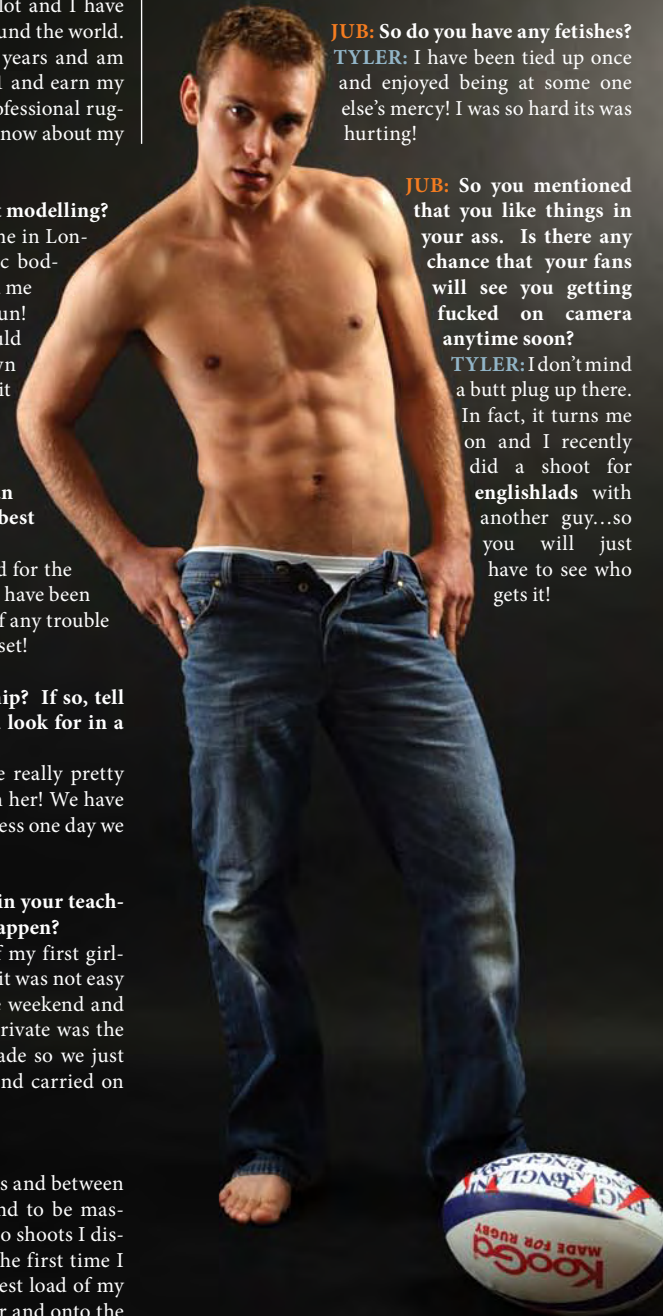

TYLER: His six pack?

JUB: So do you have any fetishes?

TYLER: I have been tied up once and enjoyed being at some one else's mercy! I was so hard it was hurting!

JUB: So you mentioned that you like things in your ass. Is there any chance that your fans will see you getting fucked on camera anytime soon?

TYLER: I don't mind a butt plug up there. In fact, it turns me on and I recently did a shoot for Englishlads with another guy...so you will just have to see who gets it!
